LAYON LANDFILL CONSTRUCTION OF CELL 3

Project No. GSWA-003-18

October 8, 2018

ADDENDUM NO. 1

This addendum shall form part of the Contract Documents. Failure by any proposer to acknowledge receipt of this addendum in its proposal shall be grounds for disqualification of its proposal.

NOTICE TO BIDDERS: The Bid Documents of the above project are hereby amended as follows:

Modified	Add or Replaced With	Description
I. BID DOCUMENTS		
Bid Schedule of Values	Replace with Bid Schedule of Values (AD-01)	Revised Bid Schedule of Values table with a Detailed Schedule of Values table. Revised language and notes.
II. DRAWINGS		
C-107	C-107 R1	Added monitoring well table descriptions. Revised locations of callout 4.
III. SPECIFICATIONS		
Technical Specifications Table of Contents	Replace with Technical Specifications Table of Contents (AD-01)	Table of Contents has been revised to reflect the added and removed sections.
Section 01025 Measurement and Payment	Replace with Section 01025 Measurement and Payment (AD-01)	References to the Revised Bid Schedule of Values have been added.
Section 01052 Layout of Work and Survey	Replace with Section 01052 Layout of Work and Survey (AD-01)	Updated section
Section 01300 Submittals	Replace with Section 01300 Submittals (AD-01)	References to an Unexploded Ordinance (UXO) Monitoring Plan were deleted.
Section 01320 Health and Safety Plan	Replace with Section 01320 Health and Safety Plan (AD-01)	References to the UXO Monitoring Plan were deleted. References to conducting work over refuse was deleted.
Section 01500 Construction Facilities	Replace with Section 01500 Construction Facilities (AD-01)	The section has been edited to fix some formatting issues.

**Layon Landfill Construction of Cell 3
Addendum No. 1, October 8, 2018**

Section 02105 Clearing and Striping	Replace with Section 02105 Clearing and Striping (AD-01)	Updated section
Section 02110 Structure Demolition	Replace with Section 02110 Structure Demolition (AD-01)	Section was updated. The referenced section number for Borehole or Well Abandonment has been changed to correctly refer to Section 13922.
Section 02200 Site Earthwork	Deleted Section 02200 Site Earthwork	The section has been deleted. Refer to Sections 02222, 02324 and 02740.
Section 02221 Excavating and Stockpiling	Replace with Section 02221 Excavating and Stockpiling (AD-01)	The section was revised to delete references to a UXO Monitoring Plan. Some of the sections referenced in the "Related Sections" have also been deleted.
Section 02222 Engineered and Random Fill, Utility and Anchor Trench Backfill	Replace with Section 02222 Engineered and Random Fill, Utility and Anchor Trench Backfill (AD-01)	The requirement for UXO Monitoring Plan was deleted.
Section 02223 Geosynthetic Subgrade Prep	Added Section 02223 Geosynthetic Subgrade Preparation (AD-01)	Updated section
Section 02224 Operations Layer	Added Section 02224 Operations Layer (AD-01)	Updated section
Section 02225 Low Permeability Soil Liner	Replace with Section 02225 Low Permeability Soil Liner (AD-01)	Updated section
Section 02226 Drainage Gravel	Added Section 02226 Drainage Gravel (AD-01)	Updated section
Section 02230 Surface Water Drainage Systems	Replace with Section 02230 Surface Water Drainage Systems (AD-01)	Updated section
Section 02270 Erosion and Sediment Control	Replace with Section 02270 Erosion and Sediment Control (AD-01)	Updated section
Section 02324 Trenching	Replace with Section 02324 Trenching (AD-01)	This section has been revised to clarify the ASTM testing standard.
Section 02533 Leachate Pumping Stations	Replace with Section 02533 Leachate Pumping Stations (AD-01)	Updated section

**Layon Landfill Construction of Cell 3
Addendum No. 1, October 8, 2018**

Section 02536 Forcemain	Replace with Section 02536 Forcemain (AD-01)	Updated section
Section 02710 Corrugated High Density Polyethylene	Replace with Section 02710 Corrugated High Density Polyethylene (AD-01)	Updated section
Section 02712 Leachate Collection System	Replace with Section 02712 Leachate Collection System (AD-01)	Updated section
New Section	Add Section 02721 Aggregate Base Course (AD-01)	Section has been added to specify aggregate base requirements.
Section 02740 Flexible Pavement	Replace with Section 02740 Flexible Pavement (AD-01)	Section has been updated to include specification for the aggregate base requirements.
Section 02750 High Density Polyethylene (HDPE) Piping	Section 02750 High Density Polyethylene (HDPE) Piping (AD-01)	Updated Section
Section 02771 Geotextile	Replace with Section 02771 Geotextile (AD-01)	Updated section
Section 02774 Geocomposite Drain Material	Replace with Section 02744 Geocomposite Drain Material (AD-01)	Updated section
Section 02778 Geomembrane	Replace with Section 02778 Geomembrane (AD-01)	Updated section
Section 03200 Concrete Reinforcement	Replace with Section 03200 Concrete Reinforcement (AD-01)	Part 1.2D has been removed.
Section 03300 Cast in Place Concrete	Replace with Section 03300 Cast in Place Concrete (AD-01)	Part 1.2D has been removed.
Section 13191 LFG Collection System	Replace with Section 13191 LFG Collection System (AD-01)	Updated section
Section 13922 Borehole or Well Abandonment	Replace with Section 13922 Borehole or Well Abandonment (AD-01)	Updated section.

Note, the descriptions in the table above give a general understanding and location of the change, it is the Contractor's responsibility to review the changes in this addendum and incorporate as needed in their bid package.

IV. RESPONSES TO BIDDER'S QUESTIONS

Question #1: Considering the volume of work, quantity take-offs and estimate as well as return information for request for quote and pricing from suppliers, vendors and subcontractors, we respectfully would like to request for Bid Submission Extension of three (3) weeks from October 26, 2018.

Response: The Bid Submission Date is extended to 2:00 pm on November 9, 2018 local Guam time.

Question #2: Please confirm Bid Item 4.1 Excavation quantity is One (1) Cubic Yard?

Response: Refer to attached updated BSOV (AD-01)

Question #3: Please confirm Bid Item 4.2 Stockpiling quantity is One (1) Cubic Yard?

Response: Refer to attached updated BSOV (AD-01)

Question #4: Otherwise for bid uniformity please provide quantities for Bid Item 4.1 and 4.2

Response: Refer to attached updated BSOV (AD-01)

Question #5: Please confirm Bid Item 4.0 does not include Bid Item 4.1 and 4.2?

Response: Correct. Refer to attached updated BSOV (AD-01)

Question #6: Who is the Funding Agency?

Response: The Receiver on behalf of the Guam Solid Waste Authority (GSWA)

Question #7: Please provide us a copy of the pre-bid minutes and attendance sheet.

Response: See attached Pre-Bid Minutes and Attendance Sheet.

Question #8: Division 25 "Integrated Automation" Specification was not included in the documents, please provide.

Response: Division 25 Specifications will be provided with an Addendum #2.

Question #9: Please confirm all cleared, grubbed and demolition debris will be disposed in the Layon Landfill at no charge.

Response: All construction debris shall be disposed of in a proper hardfill facility. It is encouraged to use green waste onsite for compost to create a viable topsoil source that meets contract specification.

**Layon Landfill Construction of Cell 3
Addendum No. 1, October 8, 2018**

Question #10: Refer to Instruction To Bidders Item 9.0 Competency of Bidders, “a. Experience on similar work.”

Does this mean the bidder should have constructed a landfill? Otherwise please explain further what is “similar works” mean.

Response: Contractor shall demonstrate experience on similar work, however, not limited to the following: experience in handling, installing, and testing geosynthetic materials, experience in handling large earthwork projects in wet environments of clayey soils, experience in construction and installation of utility structures (power, water, storm drain, gas lines), experience in construction of an asphalt road.

Question #11: Refer to Qualifications form, item B for Previous Project Experience, 1. Typical Contracts Completed During Last Five Years.

Does Typical Contracts mean a Landfill Project? Otherwise please explain further what is Typical Contracts mean.

Response: Refer to response to Question #9.

Question #12: Refer to drawing sheet C-519 detail 2 for Abandon Well Head, please provide total deep of well.

Response: See attached revised drawing sheet C-107-R1
